TIME: Executive Council meeting starts at 3:30
General meeting starts at 5:30
Presentation starts at 7:00

PRESENTATION OVERVIEW:
We’re all connected. Healthier homes mean healthier people, communities, and planet. In the course you will learn how to design healthy and sustainable baths & kitchens, select sustainable residential products, be able to integrate water conservation plumbing products for LEED credits into residential designs and communicate to clients the importance of sustainable buildings. This course was developed for all designers, architects; specifically for those who specify plumbing products.

OTHER INFO: Street and parking lot parking in the area is all metered.
Space is limited; please RSVP early.
Kohler Signature Showroom is offering a limited amount of goodie bags and awarding door prizes at the end of the evening.

Cost includes heavy appetizers, 2 drink tickets, and CEU presentation

CEU: Kohler Representative
